His Trainer, Jimmy Takter, Had This To Say-

"San Pellegrino was not only a terrific race horse, he has a world-class pedigree. He is a son of super sire Valley Victory, and out of a half-sister to World Champion PEACE CORP, one of the greatest fillies to ever race (nationally and internationally). San Pellegrino is a beautiful, sound horse who had a tremendous desire to race and win.

All of these characteristics should make him an excellent sire".
